

Mission:

With the collective and collaborative will of community leaders and residents, the Santee neighborhood will support self sufficient families, living in safe neighborhoods where all children graduate from high school into college and careers.

FMCI Boundaries

Franklin McKinley Children's Initiative Vision

- Transform the lives of children living in Santee, a small, isolated neighborhood on the East Side of San Jose, CA.
- Utilize a focused, block by block intervention strategy requiring new systems of collaboration among government, schools and the community
- The Franklin McKinley Children's Initiative will create a continuum of evidence based strategies to support children and their families from cradle to career, with **the ultimate goal to graduate all children from high school into college and careers.**

Educare: Step One in the Pipeline

A Community Partnership

The David and Lucile Packard Foundation and First 5 California are leading Educare in close collaboration with the Susie Buffett Early Childhood Fund, the Ounce of Prevention Fund, and the Bounce Network of Educare Centers

San Jose was one of five sites, chosen nationally for an Educare location

Educare San Jose is a public-private partnership involving The Packard Foundation, First 5, SCC Office of Ed, FMSD, Silicon Valley Leadership Group and Catholic Charities

Educare Santei

Mission:

With the collective and collaborative will of community leaders and residents, the Santee neighborhood will support self sufficient families, living in safe neighborhoods where all children graduate from high school into college and careers.
